

# 10-year Xenon Flash Lamp Replacement Warranty

Agilent Cary 60 & Cary 3500 UV-Vis

We continue to celebrate 75 years of Cary innovation with a 10-year warranty on lamps for Agilent Cary 60 & Cary 3500.

Start your work faster every day and gain peace-of-mind that lasts for years.

A robust, highly reliable xenon flash lamp reduces the frequency and cost of lamp replacement—maximizing your lab productivity. We are so confident in the reliability and long lifetime of our xenon flash lamps that each lamp comes with a 10-year warranty. \* That's great news, because every minute you save waiting for your UV-Vis lamp to warm up is more time spent on sample analysis.

# 10 Year

Xenon Flash Lamp Replacement Warranty for Ultimate Peace of Mind

## Both systems benefit from our 10-year lamp warranty

### Cary 60. Answers you can trust.

The **Agilent Cary 60 UV-Vis** spectrophotometer is efficient, accurate, and flexible, and is designed to meet your immediate and future challenges. With remote sampling options, proven performance and low cost of ownership, you can be sure that the **Agilent Cary 60 UV-Vis** generates answers you can trust.

### Cary 3500. Flexibility to handle diverse applications.

The **Agilent Cary 3500 UV-Vis series** shares a common UV-Vis engine, which produces monochromatic light that is measured by the various UV-Vis sample measurement modules. This allows for the tailored development of specific modules for applications while maximizing the flexibility of the system. The **Cary 3500** modules couple with the engine to provide measurement functionality for target applications.

Contact us today to learn more about our 10-year warranty and gain peace-of-mind that lasts for years.

\* The warranty applies to Cary 60 & Cary 3500 instruments purchased from Agilent participating partners only.
