

# Unveiling a Connection That Matters - OpenLab 2.8

Tuesday, April 23, 2024

## Elevate Your Biopharma Experience & Navigate Your Peaks with Ease

We're excited to extend an invitation to a special webinar introducing the newest advancements in our Agilent OpenLab software.

Mark your calendars for April 23, 2024, as we delve into the latest features including highlights like:

### **Automated molecular weight confirmation:**

Easily verify molecular weights using our new MS spectral deconvolution function.

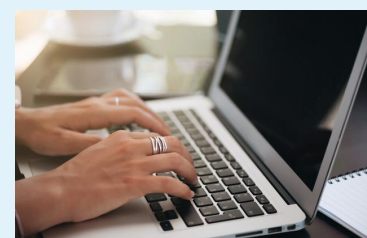

### **Streamlined biopharma workflows:**

Enhance efficiency with improved peak skimming and baseline capabilities for consistent results.

This webinar isn't just a showcase of our updates; it's an opportunity for you to confidently embrace the future of biopharma. Don't miss out on revolutionizing your laboratory experience and establishing meaningful connections.
