## HPLC-Beginner Webinar Series

10 September – 26 November 2024

The Agilent HPLC-Beginner webinar series is a basic course designed to teach fundamental topics related to High Performance Liquid Chromatography. In 12 advanced courses you will get to know all the important subject areas and gain an insight into the world of LC.

### Webinar agenda:

**\* Liquid Chromatography Fundamentals**

Date/Time: 10 September 2024 | 11:00 a.m. CEST

Presenter: Laura Montis, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Stationary Phases in HPLC - Part I**

Date/Time: 17 September 2024 | 11:00 a.m. CEST

Presenter: Cecilia Mazza, Product Specialist, EMEA IDO - Chemistries & Suppliers, Agilent Technologies

**\* Stationary Phases in HPLC - Part II**

Date/Time: 24 September 2024 | 11:00 a.m. CEST

Presenter: Cecilia Mazza, Product Specialist, EMEA IDO - Chemistries & Suppliers, Agilent Technologies

**\* LC Instrument Hardware**

Date/Time: 01 October 2024 | 11:00 a.m. CEST

Presenter: Laura Montis, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* HPLC Detectors**

Date/Time: 08 October 2024 | 11:00 a.m. CEST

Presenter: Ansuman Mahato, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Single Quad Mass Detection for Chromatographers**

Date/Time: 15 October 2024 | 11:00 a.m. CEST

Presenter: Shaun Pritchard, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Single Quad II**

Date/Time: 22 October 2024 | 11:00 a.m. CET

Presenter: Shaun Pritchard, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* GPC/SEC Detector Selection**

Date/Time: 29 October 2024 | 11:00 a.m. CET

Presenter: Ansuman Mahato, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Sample Preparation**

Date/Time: 05 November 2024 | 11:00 a.m. CET

Presenter: Shaun Pritchard, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Method Development**

Date/Time: 12 November 2024 | 11:00 a.m. CET

Presenter: Laura Montis, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Troubleshooting and Everyday Routine for the Instrument**

Date/Time: 19 November 2024 | 11:00 a.m. CET

Presenter: Ansuman Mahato, Product Specialist Liquid Phase Separations, Agilent Technologies

**\* Troubleshooting and Everyday Routine (Columns)**

Date/Time: 26 November 2024 | 11:00 a.m. CET

Presenter: Giorgio Ferlat, MSc, EMEA IDO Product Specialist, Chemistries and Supplies, Agilent Technologies
